Pathetic Incident in Court at  
Barberton.

(Special Correspondence.)

Barberton, O., Nov. 28.—Tears and meanings were evidences of a sad case in Squire Werner's court Friday. A band of foreigners who are traveling across the country, stopped north of Barberton. They have a number of good horses and wagons. Wednesday night the horses were allowed to stand out in the storm. Agent Ackerman of the Humane society heard of it and caused the arrest of two of the men of the party. They were fined \$5 and costs each.

The men had not enough money in larger denominations so they brought out nickels, dimes and even pennies. The women and children cried bitterly and a small sum of money was refunded them. With this they left Barberton.

Curing rheumatism is not so difficult as many imagine if the cure is directed at the cause.

That's the reason Hagee's Cordial of Cod Liver Oil is so successful in curing rheumatism, neuralgia, etc.—it goes direct to the cause—corrects the evil where evil exists, re-establishes natural functional conditions, and eliminates the disease.

There is no grease; no fishy taste; no odor; no nausea in Hagee's Cordial. It contains all the active principles of cod liver oil in a pleasing, palatable form without the grease. It cures by nourishing the blood and nerves in a natural way.

Sold by all druggists. Prepared by

### "IN HANDS OF THEIR FRIENDS."

Newly-Married Couple Treated  
to Some Practical Jokes.

Mr. Lawrence Miller and Miss Anna Reisenbach, who were married Thursday evening at the German Lutheran church, were very much "in the hands of their friends," immediately after the ceremony had been performed.

For a long time Mr. Miller had been among the foremost of a crowd of young men who have had much fun in aiding the embarrassment of wedding parties and when it was known that efforts were being made by him to keep his own wedding a secret, his friends decided that he should have a "send-off" that would be worthy of the name.

Accordingly, a cab, aged and shaky with its weight of years and wear, was secured, bolstered up, and a team of mules hitched to it. While the wedding ceremony was being performed in the church, the ancient cab was substituted for the one in which the couple had been driven to the church, and when the party came out of the church Mr. and Mrs. Miller stepped unsuspectingly into the doctored cab, not noticing the substitution immediately, as it was quite dark. The door was then slammed shut and they were given a drive about the city, preceded and accompanied by a crowd of acquaintances, who loudly announced their approach and their identity. Rice was not readily obtainable, and some of the merry-makers procured a sack of oats, with which they pelted the bride and groom until the drive was over and they were released.

### STILL ANOTHER GOLDEN WEDDING

Growth of

# BARBERTON

## Eclipsing All Prophecies of the Past

**B**ARBERTON has grown within ten years from farm lands to a city of nearly 10,000 inhabitants. Conservative estimates predict the population to be 20,000 within the next ten years, and this is no absurd prediction, when one thinks of the wondrous growth during the past few years. Paved streets, stone sidewalks, sewerage system, water, electric light, street railway, churches, schools, banks, hotels, four trunk line railroads, the Ohio Canal, and the following factories, giving employment to several thousand skilled and unskilled laborers. No city of its size in the country has as many diversified industries so well built, so well managed, and backed by so many conservative men, whose very names spell success.

The Diamond Match Factory.....	800 employees
The Diamond Match Machine Shop.....	300 employees
The Stirling Boiler Works.....	700 employees
The American Sewer Pipe Co.....	400 employees
The Columbia Chemical Co.....	500 employees
The Barberton Pottery Co.....	300 employees
The American Strawboard Co.....	150 employees
The Alben Rubber Co.....	200 employees
The Pure Gum Specialty Co.....	65 employees
The Diamond Brick Co.....	50 employees
The Summit Rubber Co.....	25 employees
The Barberton Milling Co.....	10 employees
The Cararra Paint Co.....	100 employees
<b>Total.....</b>	<b>3600</b>

The combined monthly pay roll of the above factories is to \$200,000, but when the great factories of the Pittsburg Valve and Fittings Co., The National Tool & Drill Co., the additions to the Diamond Machine Shop, The Columbia Chemical Co., The Pure

Gum Specialty Co., The Barberton Pottery Co., and the American Rubber Co. buildings are completed, and in operation, will increase the monthly pay roll to \$300,000 besides giving employment to hundreds of men, boys and girls.

There is not a vacant house in the city today, although over 300 have been built this year. We must have houses now and in the early spring, to accommodate the people who will work in these new industries.
